

# Battlefield Baptist Church

## VISION & MISSION

### VISION

People are looking for solutions because the pressures of life have staggered them. They want spiritual guidance and a church that will nurture them and pray for them.

People also need guidance and instruction for their children and our King's Kids, T.R.A.C. and Feed my Lambs group are centered around Scripture memorization and learning God's Word.

People have lost their way and need to know God. Because of no clear message and direction, many have turned away from organized religion. They want to know God but do not know how. People need someone to help them on the journey and it is our vision to be that helper.

### MISSION

Our Mission is to establish a loving Christ-centered environment where people can find Jesus Christ as Lord and Savior and grow into a spiritually gifted person committed to discipleship and world evangelism.

People today feel lonely, isolated, and disconnected from life and we believe they would appreciate a Christ-centered church that will love them, support them and pray for them.
